

Flexible cover for  
your company.

[generali.ch/securitypackage](https://generali.ch/securitypackage)

Business is running well. Your order books are full. So why worry about contingencies? Burglary, water damage or third-party liability are just three of the risks that any company is exposed to on a daily basis. It therefore makes sense to ensure your company is sufficiently covered against possible risks. Company insurance is your ideal solution.

### Security for your company

Whether your business is interrupted as a result of fire or water damage, overvoltage that cripples your IT operations, or even an unjustified liability claim, Generali's modular insurance protects against the financial consequences of unforeseeable events.

### Comprehensive legal protection

FORTUNA legal protection insurance covers you against costly legal disputes.

### Five modules provide you with optimal protection

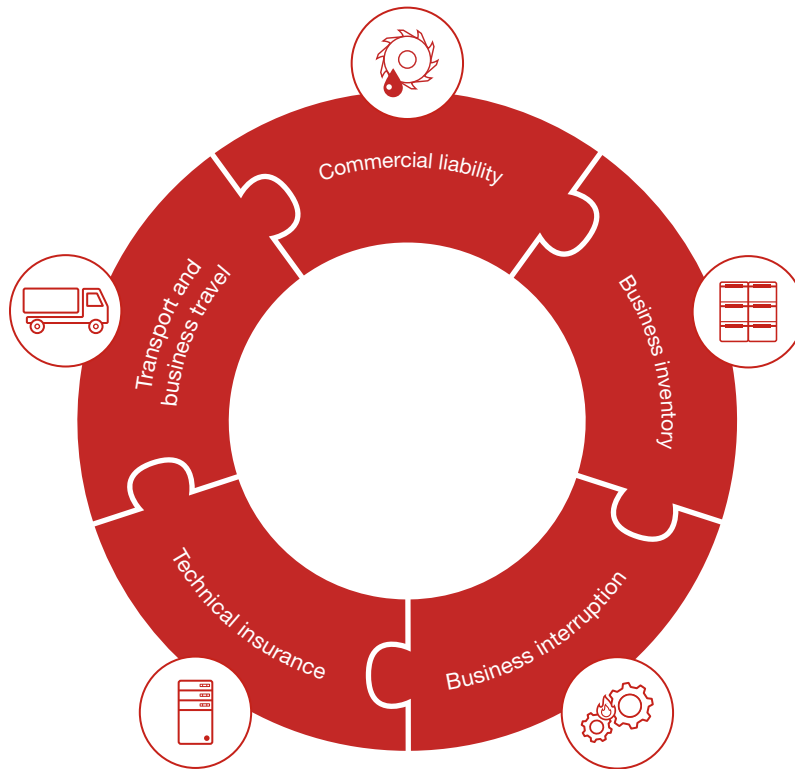

The company insurance is a security package that is customised to your specific needs. You simply choose the modules that apply to your company – and get straightforward, comprehensive protection from a single source. The modules are customised to your company and can be combined as you think fit.

#### Your benefits

- ✓ Multiple modules in a single contract
- ✓ Combination discount when you include several modules
- ✓ Adjustable premiums thanks to a choice of deductibles
- ✓ Services such as clean-up costs are included free
- ✓ Avoid gaps in coverage – and duplicate coverage
- ✓ Special industry solutions
- ✓ Comprehensive insurance coverage from a single source

Modular and flexible to meet your company's needs

**Business inventory module**

This module insures your office furniture at replacement value and your company's goods at market price against fire, burglary, water and glass breakage. We also take care of the costs of clean-up work, decontamination, restoration work and lock changing.

**Business interruption module**

If your company has to be shut down fully or partially due to insured property damage – such as fire, burglary or water damage – our business interruption insurance will pay for your loss of income. All associated losses you sustain on accounts receivable and all additional costs you incur in continuing your business operations are also insured.

**Technical insurance module**

Computers, telecommunication equipment, operating systems and replaceable data carriers are insured against loss, damage or destruction as a result of external factors such as a fall or overvoltage. The costs for restoring data and clean-up work are also covered.

**Transport and business travel module**

This module covers your goods and personal effects against destruction, damage and loss at replacement value while you are on business trips. We also assume loss mitigation costs and the costs of averting the immediate threat of damage and loss.

**Commercial liability module**

Commercial liability insurance protects you against the financial consequences of bodily injury and property damage to third parties. This includes, for example, indemnification of justified claims and defence against unjustified claims or the assumption of the costs for expert opinions, legal fees and court costs.

**Supplementary insurance**

Corporate legal protection insurance, Commercial vehicles, Accident and loss of earnings insurance.

**Special industry solutions**

In addition to the modular system, we offer specialised solutions for a large number of industries. Please contact your advisor for additional information.

**Contact:** Please contact your personal advisor if you have any questions or would like a non-binding quote. Find further information at [generali.ch](http://generali.ch).
